

Anti-Electrical Tracking Solution for Smart Energy Storage Cabinets in Indonesia

Overview

We provide integrated system of Battery Energy Storage System (BESS), Power Conversion System (PCS), and Advanced UPS solutions tailored for your specific needs. We ensure seamless integration of all BESS & PCS components with the existing infrastructure. This technology catalogue is a result of the close cooperation between Indonesian and Danish Government under the Indonesian-Danish Energy Partnership Programme (INDODEPP). Gratitude goes out to everyone involved from DG Electricity, Danish Energy Agency, Embassy of Denmark in Jakarta and Ea Energy. AEEI is actively involved in energy infrastructure projects, particularly in the production and commercialization of hydrogen and the development of small-scale LNG distribution systems. These solutions could resolve power supply shortages and help.
