

Bulgarian Explosion-proof Distribution Box Processing Plant

Overview

Explosion-Proof Distribution Box BX53-T safely distributes electrical power within hazardous and explosive environments. Next Generation LaserMethane Smart & Inspection Management Service assists you to manage leaks until completion of repair. Flameproof enclosure (Ex d IIB+H2), which can be used as feed distribution equipment in control and distribution system (such as distribution box, switch box of main circuit, control box, terminal box or motor starting box etc.) ·Enclosure: stainless steel. Equipped with specialized hinge. All rights reserved. - Sofia 1233, Bulgaria! Bartec - explosion proof equipment AUTHORIZATION LETTER: Analyzers and Measurement Technology Automation Technology Communications Control and Connection Equipment Electrical Engineering for Mining Enterprise Mobility Heating Technology. Options range from Ex d (flameproof enclosure) to Ex e (increased safety) and Ex i (intrinsically safe) right through to Ex p (pressurized housing), as well as combinations of different explosion-protection types – always bearing in mind the most efficient solution for your application. Manufacture custom made Local Control Stations & Distribution Boxes, local control panel boards and stations, explosion protected control units, distribution.
