

Chilean 3-year warranty AOC active optical cable SFP

Overview

All of our products come with a one-year warranty, starting from the date of purchase, unless otherwise stated. This warranty covers any defects in materials or workmanship that may occur during the normal use of the product. Pivotal Optics' Active Optical Cables (AOCs) are fully integrated, plug-and-play fiber assemblies designed for short- to medium-range high-speed data links—without the need for separate transceivers. Built with bonded multi-mode or single-mode fiber, these cables deliver secure, low-latency. 1. This AOC is compliant with SFF-8431 MSA standards. It provides a cost-efficient solution as compared to using discrete optical transceivers and optical patch cables. 10G SFP+ AOC Cable can connect switch, router, server, NIC, or other fiber optic equipment with SFP+ ports for Network Attached Storage, Storage Area Network, and High Performance Computing. We 100% passed TDR & VNA tested.

Article Content

Active Optical Cables

NADDOD offers Active Optical Cable (AOC) with data rates up to 400Gps and link distances ranging from 0.5m to 100m, all at a low cost and power consumption.

H!Fiber 10G SFP+ AOC Cable, 10Gb Active Optical Fiber Cable, OM3 ...

(Coding as Cisco SFP-10-SR) Active Optical Cables are much thinner and lighter than passive copper cables, which makes cable management easier. AOC enable efficient system airflow, which is crucial ...

10g SFP+ Aoc Active Optical Fiber Cable Made in China

For usual products, we keep stock, could ship 1-3 days after receiving customers'' payment. For big quantity and special products, please check lead time with our foreign sales.

10G SFP+ AOC Cable | 10 GBASE SFP+ to SFP+ Active Optical Fiber ...

The Chuangsuton 10G SFP+ to SFP+ Active Optical Cables (AOC) are designed to provide a high-speed and low-latency solution for data center applications. These AOC cables are an ideal solution ...
