

# Dutch Corrugated duct fiber optic IP54

## Overview

Fiber Optic Corrugated innerduct, CMP Plenum Rated, protects delicate Fiber Optic and Data Cables from harsh environments. Premier Corrugated HDPE is manufactured from High Density Polyethylene (HDPE) and is intended to be placed inside of existing innerduct. It's ideal for pulls under 1000 ft. and is designed to reduce surface contact when pulling cable. UL 2024 listed and among the most flexible flame-rated Inner duct. Neproplast Telecommunication Pipes are high-quality conduit solutions for modern fiber optic networks, designed to provide efficient cable management, protection, and long-term reliability. Available in multi-color options for easy identification, these pipes are ideal for both indoor and outdoor use. The HDPE duct is widely applied in all the communications duct line in the world. Our main product lines are SCD (silicone-coated duct), COD (corrugated Optic duct) and now we newly developed Micro Duct & Micro COD to expand our scope of supply and to meet the various needs from the customer. COD. Give your critical fiber optic cables safe passage by installing a length of corrugated fiber innerduct from Discount Low Voltage. Corrugated, smooth or split wall types.
