

Estonian 24-core optical cable source manufacturer

Overview

Company Optilix OU was founded in 2018 as a distributor of modern high-quality materials and equipment for optical fiber cable production. The main regions of the company's activity: Estonia, Lithuania, Latvia, Russia, Eastern Europe countries and CIS countries. Fineltec was established over 25 years ago in 1993, and our combined experience exceeds 1000 years. We started our business as a fine mechanics provider for the telecom industry. Our own production at our Oulu factory started in 1996, manufacturing cables. This group includes all kinds of multifibre cables, hybrid. Our customers include network operators, financial and public institutions, manufacturing companies and construction companies. The company has its own warehouse of. <iframe src="https://www. html?
