I have a 21 foot bay boat that I would like to add some weight capacity and raise the transom a few more inches out the water. We've tested them in real-world conditions, checked their battery life, setup, ride stability, and even how forgiving. Lift's new generation of eFoils are so much fun to ride and provide so many improvements that they've carved out a compelling claim to the best efoil in 2025" "LIFT5 and LIFTX represent huge innovations in the eFoil industry and coupled with accessories like Blowfish and leading edge controllers.
