

Heavy Armored Optical Cable Duct Optical Cable Armored Fiber Optic Cable

Overview

GYTS cable is universal optical cable; it can be used in aerial, duct and direct-buried while GYTA can be used in aerial cable and duct cable not in direct-buried cable. The S in GYTS refers to steel strip which can sustain large pulling force. GYTS cable is universal optical cable; it can be used in aerial, duct and direct-buried while GYTA can be used in aerial cable and duct cable not in direct-buried cable. The S in GYTS refers to steel strip which can sustain large pulling force, the A in GYTA refers to Aluminum strip which has better anti-rust and moisture resistance than steel strip. These corrugated steel tape armored cables are suitable for installation in aerial or duct environment for long haul communication, LAN/PBT loose tube of 2-12 fiber, Tube thickness: 0.3 ± 0.05 mm, Diameter: 2.1 ± 0.1 mm, Fiber (Fiber characteristic), Cladding diameter: 125.0 ± 0 , Fiber characteristics: Diameter: 242 ± 7 μm, UV color fiber: Standard chromatogram. Central Strength member: steel wire with Diameter: 1.6 mm. It has a Filling Compound; Longitudinal corrugated steel tape laminated w. 1-Up to 144 fiber cores. 2-The loose tube stranding technology make the fibers have good secondary excess length and allow 3-The fibers free movement in the tube, which keeps the fiber stress-free while the cable is subjected to longitudinal stress. 4-Corrugated steel tape armored and PE outer sheath providing property crush resistance and gun shot.

Article Content

Armored Fiber Cable Guide

Explore QSFPTTEK's comprehensive guide to armored fiber optic cables, including their uses, types, applications, and installation tips. Learn how armored fiber cables enhance durability ...

Armored Fiber Optic Cables Ruggedized Military and Tactical fiber Cable

These armored cables are military-grade; and they are specifically designed for mission-critical networks in harsh environments, or for fiber optic links that can be mechanically damaged due to crushing or ...

Armored Fiber Optic Cable Plenum/Riser – Primus Cable

Our OFCR Riser Armored Fiber Optic Cable is exceptional for multi-story building applications, in the midst of high traffic areas and in between floors that require mechanical protection. The armor is ...

Armoured Fiber Optic Cables For Underground/Duct Application

Armoured fiber optic cables are specialized optical cables reinforced with protective layers to guard against mechanical stress, environmental hazards, and accidental damage.

Armored Fiber Cable

We offer a wide selection of steel armored cables, aluminum armored cables, and MC armored cable options to meet your power and data transmission needs. Whether you need direct burial armored ...

Armored Fiber Optic Cables

ShowMeCables offers a wide range of armored fiber optic cables featuring same-day shipping. These armored fiber cables provide network safety without compromising flexibility or performance. The ...

Armored Fiber Optic Cables

Fiber Savvy offers armored fiber cables with two different types of armor: standard corrugated steel armored cable and aluminum interlocking armored distribution cable.

Armored Fiber Optic Cables Ruggedized Military and ...

These armored cables are military-grade; and they are specifically designed for mission-critical networks in harsh environments, or for fiber optic links that can be ...

SST-Ribbon Single-Tube, Gel-Free, Armored Cable 72 F, Single ...

Providing up to 216 fibers in a compact design, the enhanced coupling features ensure the ribbon stack and cable act as one unit, providing long-term reliability in aerial, duct and direct-buried applications.

All Type Armored Optical Fiber Cable & Specification

Get to know armored optical fiber cable types, applications, specifications, prices, and everything. From the most experienced manufacturer in the business.

GYTS Armored Fiber Optic Cable | Wholesale Duct & Aerial

Source GYTS armored fiber optic cable direct from our factory. With steel tape armor and a PE jacket, it's ideal for harsh aerial and duct environments. Contact us for bulk pricing.
