

Pipes under the distribution box

Overview

Input Pipe: This pipe carries effluent from the septic tank into the distribution box. The D box is a. The ADS 4-in x 100-ft singlewall perforated drainpipe is a durable, lightweight solution for outdoor drainage projects. Made from high-density polyethylene (HDPE), this corrugated drain pipe delivers strength, flexibility and long-lasting performance for a variety of applications. We set our own Everyday Low Prices as well as sale prices, but some manufacturers restrict how retailers display that pricing. In these cases manufacturers require that you take some steps to add the item to your cart or go to checkout to view our final prices when lower than the manufacturer's set. A distribution box is a concrete or plastic structure that plays a pivotal role in the septic system. Its structural integrity and hydraulic balance directly affect the.
