

Slovakian intelligent PDU meter head pricing

Overview

The YADA YDPDU-DM40-RY Smart PDU Head Meter is a high-performance power monitoring device designed to measure and transmit key electrical parameters in Power Distribution Units (PDUs). Faster Delivery – Enjoy expedited shipping options for quicker turnaround. Place Order – Seamlessly place your order with just a few clicks. Remote power control, real-time energy metering, SNMP/Modbus integration. From basic reliable power distribution to advanced. A centralized management software to globally manage all CLEVER intelligent PDUs in one interface. It can monitor and manage all the power data, operation status and rack environments for small and medium-sized data center which hosting less than 1,000 CLEVER PDUs. Clever Managed PDU has 2. Inova offers two series to meet different needs: the Xsmart Series, a cost-effective and intelligent solution with a range of features for businesses seeking smart power management, and the Xpert Series, a high-density, customizable PDU designed for data centers with advanced control and. Metrum servis, s. Their focus on automated data collection for technological processes contributes to efficient management and enhances service delivery.

Article Content

Intelligent PDU | nVent DATA-SOLUTIONS

Intelligent PDU, EN6xxx, 400 VAC, 3-PH Modular, compact intelligent PDU with inlet metering. Ultra-Low Profile Design. Reduce IP addresses by Daisy Chaining up to 64 PDU's.

Power Distribution Units (PDU) - Intellinet Europe

Our portfolio includes 19" and 10" PDUs, as well as vertical power strips, offering maximum flexibility for different rack layouts and space requirements.

IPDU Intelligent Power Distribution Unit

A Metered Intelligent PDU provides detailed insights into power consumption at different levels, including inlet-level and outlet-level metering. This level of granularity enables administrators to accurately ...

YADA YDPDU-DM40-RY Smart PDU Head Meter: Advanced Power Monitoring for PDUs

The YADA YDPDU-DM40-RY Smart PDU Head Meter is a high-performance power monitoring device designed to measure and transmit key electrical parameters in Power Distribution Units (PDUs).

iPower ACU | Intelligent PDU | Smart PDU

iPower ACU is the 3rd generation of iPower intelligent PDUs designed to aid Data Centre power management. It has an Advanced Control Unit powered by an improved processor that delivers new ...

Clever Power

Clever Monitored PDU has 2 categories: IP-PDU, SI-PDU. Designed for small and medium-sized data centers, it offers reliable power distribution and metering at the inlet level and support environment ...

Top 20 Smart Meter Companies in Slovakia (2026) | ensun

In the Smart Meter industry in Slovakia, several key considerations come into play. Regulatory frameworks are crucial, as the government has been pushing for the modernization of energy ...

Smart PDU | Intelligent Power Management Solutions

Intelligent Power Distribution Units – Switched, Metered & Monitored PDUs for Data Centers, Telecom, and Industrial applications. Remote power control, real-time energy metering, SNMP/Modbus ...

Smart PDU

Smart PDUs optimally manage power, hence lower energy costs, which results in commercial value. Intelligent PDUs give measurable energy use at the outlet level. This allows more precise energy ...
