

South African professional manufacturer of U-shaped steel cable trays

Overview

Our stainless-steel wire mesh cable tray is the perfect solution for your cable management needs. Contact us today to get a quote or place an order. All cable trays are made to order with 15 workdays lead time. The Cable Management Group (CMG) cable ladder system is renowned across Africa and beyond for high-quality engineering excellence. Perforated cable trays are a sheetmetal system for light, medium and heavy duty installation in commercial and industrial applications. AcrowStrut's focus is in supplying high quality products that are manufactured in South Africa for our Unique Needs. They are typically made of metal, such as steel or aluminum, and are designed to provide a safe and efficient way to route and protect. At Advanced Strut, we specialise in providing high-quality metal cable trays designed for the efficient support of all cable and pipe installations.
