Welcome to the. The United Nations Comtrade database aggregates detailed global annual and monthly trade statistics by product and trading partner for use by governments, academia, research institutes, and enterprises. Key reforms include liberalising electricity markets, fostering private investment, and establishing regulatory bodies to oversee energy. Year after year, citizens across Uzbekistan face recurring power outages that disrupt daily life, strain household routines, and trigger growing public frustration. Once limited to remote or rural areas, these blackouts have increasingly reached major cities, including the capital, Tashkent, where.
